Grade Prep Incursion – Responsible Pet Program

On Friday 21\textsuperscript{st} August, the Preps had a visit from the Responsible Pet Ownership team. The instructor taught them how to act when they see an angry dog. They need to stop and stand still, keep their hands down against their body, look at the ground and once the dog has moved away move back slowly. A big black and brown dog came to visit, his name was Panda. The Preps learnt how to be responsible pet owners.
